WORK EXPERIENCE

Artyvis Technologies Private Limited   **February 2023 - Present**
Web Developer Intern

· Developed and maintained a product price comparison website called www.redfynd.com using the MERN stack.
· Collaborated with the team to gather requirements, design architecture, and implement new features.
· Implemented responsive and user-friendly interfaces using React and HTML/CSS.
· Designed and implemented RESTful APIs and backend services using Node.js and Express.js.
· Worked in an Agile development environment, actively participating in sprint planning and daily stand-ups.

TECHNICAL SKILLS

Languages	JavaScript, HTML, CSS, MongoDB, Python
Frameworks & Libraries	ReactJS ,Node ,Express REST, Bootstrap, Ant-Design, Material UI
Others	Git, VS Code

PROJECTS

Crypto Screener Application / ReactJS   https://cryptoscreeneraditya.netlify.app/
· ReactJS, Tailwind, React Context API, React Router, Recharts to add interactive charts, CoinGecko Cryptocurrency APIs.

NFT Collection Application / ReactJS   https://nftcollectionbyaditya.netlify.app/
· React JS, styled-components, GSAP for smooth scrolling animations, Typewriter-Effect and React-Confetti

Game Store Website / ReactJS   https://gamestoreaditya.netlify.app/
· ReactJS, GSAP for scrolling animations, styled-components for styling, Framer-motion for smooth animations on load

MovieInfo Web App / ReactJS   https://movieinfowebapp.netlify.app/
· Developed a web application using React.js to provide detailed information about movies by utilizing a movie API.
· Designed reusable components and reduced line of code reduced by significant amount.
· Utilized React Router for navigation and routing within the web app, enabling a smooth user flow.

Travel Website / ReactJS   https://travelapp7.netlify.app//
· ReactJs, SCSS, AOS

E-learning / ReactJS   https://educationappbyaditya.netlify.app/
· ReactJs, React-router-dom, Css

EMI Calculator/ ReactJS   https://emicalculatoradityap.netlify.app/
· ReactJS, CSS, ChartsJS

Tour Booking Website / MERN Stack   https://github.com/AdityaAP7/travel-booking-mern

· Developed secure and visually appealing MERN stack tours and travels booking website, incorporating modern UI/UX design and utilizing technologies like JWT and cookies for authentication.

Travel Blog App / MERN Stack   https://github.com/AdityaAP7/Travel-Blog-Webapp

· Developed a full-stack MERN (MongoDB, Express.js, React.js, Node.js) application with Material-UI styling, providing a seamless user experience for login, signup, and blog functionalities.
· Implemented a user-friendly interface that allows users to create engaging travel blogs by adding titles, descriptions, and captivating images.

EDUCATION

Government College of Engineering, Aurangabad   *July 2021 - May 2023*
Master of Computer Applications, Computer Science.   CGPA: 8.04/10

CERTIFICATES

· Front-End Web Development with React - Certified by Coursera
· Server-side Development with Node, Express, and MongoDB Certified by Coursera
· The Complete JavaScript Course 2023: From Zero to Expert! Certified by udemy
